

W.I.N.G.S.

Whatever Individual Needs Gear or Supplies

More editions to follow

W.I.N.G.S. is an organization started to remember our son, brother and friend Mark Miles, who died on 6-11-06 at 18 years of age. Mark was a very compassionate young man and we want to continue to pass that compassion on to others. Mark was an athlete and musician: We want to use those avenues to help student athletes and musicians reach their dreams through extra curricular events at school.

Our three goals are:

- 1) To work with school districts to promote kindness to others in this diversified world we live.
- 2) To gather friends together for the purpose of promoting friendship, sharing all the good things in our lives and raising some money for the foundation.
- 3) To help coaches and teachers help teams and students who are financially disadvantaged have an opportunity to reach their goals.

School district and areas being served: Unity (Balsam Lake, Milltown, Centuria) Luck, Frederic, Webster and St Croix Falls.

Our main fund raiser at this point will be a golf outing and meal with raffle and silent auction items, to be held annually in June.

Next golf outing scheduled for Monday, June 16.

W.I.N.G.S. was created to give children their wings to reach their dreams. We wish to thank all who have participated in the golf outing or donated their time or dollars to this cause. We feel Mark would be completely supportive and happy with helping students to be able to participate to the best of their ability.

W.I.N.G.S. donated \$7543.29 during its first year.

We helped with the following items:

baseball electronic scoreboard
softball electronic scoreboard
football shoes and t-shirt
wrestling shoes
cadet basketball jerseys
clarinet repairs
pitching machine
softball team supper to benefit Bob Pilz cancer benefit
wrestling mat
softball glove
